

ARS Water Use Reduction research

Proposed Recipient: USDA/ARS National Peanut Research lab

Address of Recipient: 1011 Forrester Dr., SE, Dawson, GA 39842-0509

Amount of Request: \$1.2 million

Explanation of Request

Purpose: Practices such as furrow diking and shallow sub-surface drip irrigation will be researched to determine their effectiveness in water conservation and production benefits to farmers.

Why it is a good use of Taxpayer Funds: Research will produce best management practices that will lead to water conservation
